enormous area are in control of rebels, according to news from there have been no mails from abroad in three weeks. Tension in the capital, caused by the withdrawal of General Felix Diaz as candidate for the presidency, as a result of the refusal of congress to call the elections on July 25, has practically disappeared since Huerta and his cabinet have agreed to make a new effort for the holding of the elections.

Federals Mobilizing.

EL PASO, Tex., April 27.—All federal forces in Chihuahua state are mobilized at Chihuahua city, the state capital, reported passengers arriving here today. Santa Rosa, mountain commanding the city, has been fortified and topped with a battery of heavy artillery.

With only about 500 troops at the capital, General Antonio Rabago, military governor of the state, has ordered even the Parrot garrison to move in. This would abandon Parrot, center of an American mining and smelting district, to the constitutionalists who cannot daily be in growing stronger. The insurgents are estimated to number more than 1,000 so far operating mostly south of Chihuahua city.

The Parrot garrison, said to number nearly 2,000 men, has been removed from its way to the capital, as constitutionalists continue to hold Santa Rosa, located between Chihuahua city and Jimenez, the railway transfer point to the Parrot district.

Officer Killed.

Col. Manuel Puellita, who commanded the Santa Rosa garrison, is reported killed by insurgents who were led by Rosalia Hernandez. From the federal garrison has been removed from the Cruz railway bridge, a structure which would cripple the Mexican central railway.

Confronted with the troop movements into Chihuahua city from the south, General Jose Inez Salazar and his exiles are expected to arrive tomorrow at Juarez on their way to the state capital. This would have previously met garrison in the Casas Grandes district threatened by a movement of Francisco (Pancho) Villa's insurgents from the south. Villa's men

after sacking the town of Temascal, are reported to have moved toward Madera, an American lumbering town south of Casas Grandes.

NOGALES, Ariz., April 27.—American property interests in Sonora state have been assured through border consular agents that Washington will sustain the payment of federal taxes to the de facto insurgent state government, which recently demanded advance payment of both state and federal taxes. It was advised, however, to make the payments under written protest.

It was feared, especially by mine owners, that failure to pay the federal tax to the Mexican city government would result in cancellation of mine claims. The state government is pressing its claims for a federal tax payment, based on the revolutionary movement which practically has placed all Sonora in the hands of the constitutionalists.

BODY UNKNOWN MAN IS FOUND AT GOLDEN

GOLDEN, April 27.—The body of an unknown man was discovered on Lookout mountain today, death presumably having resulted from a self-inflicted cut upon the wrist. He had evidently been dead about two weeks. Marks had been removed from the clothing, which appeared to have been purchased in Denver. The pockets contained 15 cents in cash and a baseball. It is believed the man had been camping nearby for a couple of weeks as spoons and other parts of a camping outfit were found in the vicinity.

PIONEER CONTRACTOR OF DENVER DIES AT SEMPER

DENVER, April 27.—Thomas J. Chamberlain, 82, a pioneer contractor of Denver, is dead at his home at Semper, Colo. He came to Denver in 1860, was a pioneer trader across the plains and built many of the older brick buildings of the city, including the old mint and the American house.

MOTORBIKE ACCIDENT

Boulder, April 27.—Arthur Boundy was taken from his motorbike this afternoon when, while struck a rock in the road, he was taken to the hospital by an ambulance. Condition, from which at last report he has not recovered.

LOS ANGELES VICE CRUSADE GROWING

LOS ANGELES, April 27.—Sensational developments in the local vice crusade, late tonight, when William J. Laessle, a prominent young automobile dealer, was arrested on a warrant charging him with dependency of Florence J. Grayson, a 15-year-old schoolgirl. A warrant was issued simultaneously for the arrest of Richard Hollingsworth, also prominent in automobile circles.

The Grayson girl made a statement to the police in which she gave the names of other prominent men who will probably be called before the grand jury.

BRIG. GEN. COCHRANE, HERO MANY BATTLES, DIES, 70

PHILADELPHIA, April 27.—Brigadier General Clay Cochrane, United States marine corps, retired, who served with distinction in the Spanish-American war, the Cuban and Philippine campaigns and the Boxer uprising in China, died at his home in Chester today.

General Cochrane was 70 years old and was appointed to the service in 1861. He served in the Civil war and was major of the marine battalion which held the heights at Guantanamo, Cuba, in 1898. Later he was appointed temporary governor of Manzanillo, Mexico, and the first brigade of marines landed in the Philippines and acted as governor of the peninsula of Cavite. President Carnot of France decorated him with the cross of the Legion of Honor in 1899.

PORTUGAL MANIFESTANTS CHEER RADICAL LEADERS

LISBON, Portugal, April 27.—Groups of manifestants, armed with bombs and revolvers, appeared before the various barracks early today and cheered for "the Radical Republicans."

The government, however, had information that the monarchists and certain disaffected Republicans planned a concerted movement and had taken precautions accordingly. The manifestants were dispersed by troops and police. About 150 of them who were suspected of having organized the movement were arrested.

25 INJURED IN CHURCH FREE-FOR-ALL BATTLE

UNIONTOWN, Pa., April 27.—In a dispute over administration should take up the collection at the Greek Catholic church in a local foreign church, 25 persons were cut and lacerated, several fatally, tonight, during a free-for-all battle. The police pulled the trouble and several arrests were made.

INDIAN FIGHTER DIES

GALVESTON, Tex., April 27.—Col. Charles St. J. Chubb, U. S. A., died suddenly today at Camp Crockett, of heart failure. Colonel Chubb was born in the District of Columbia, September 29, 1854. He entered the army in 1873 and served in several Indian campaigns and the Spanish-American war.

NEW AMBASSADOR ARRIVES

NEW YORK, April 27.—Sir Cecil Arundell Spring-Rice, K. C. M. G., the new British ambassador to the United States, arrived in New York today aboard the steamer Campania.

J. R. CAMERON DIES

PUEBLO, April 27.—John R. Cameron, first general superintendent of the Colorado Fuel & Iron company, died here today. He came to Pueblo in 1882. He was 55 years old.

EMPEROR PAWNED HIS CROWN

From the Boston Post.

BERLIN.—There has been talk of giving the Kaiser a real imperial crown on the occasion of his jubilee for the jubilee he wears now as German emperor is made up of glass beads and base metal, a make-believe. But the Kaiser objects.

"The money," he points out, "might be put to better uses. Besides, the program speaks of paying so much down on the jew's and the rest afterward. I don't want a crown on the installment plan, nor do I want one to pawn as some of my predecessors on the German throne did."

The Kaiser recalled the story of Emperor Sigmund, who ran up such an immense hotel bill in Regensburg that he couldn't get away, except by pawning the imperial diadem. He borrowed 4,000 gold pieces on it, paid his bill and had a pocketful of gold to take home to the empress. When he got there and his empress inquired for the crown, Sigmund lied to her, saying that it had been left behind by accident. But the empress suspected the real cause and made it so hot for Sigmund that he sent post haste to Regensburg, asking the return of the crown and promising to pay off his indebtedness on the installment plan. The Regensburgers, however, insisted on cash down, and when they didn't get it, stuck to the crown. It remained in pawn several years and Sigmund, it is said, never heard the end of it from his wife.

SPORTING NEWS WILSON PROVES TOO MUCH FOR ZOOZ, AND DENVER ELITCHES WIN HANDS DOWN, 10-2

College Pitcher Strikes Out 14 and Keeps Hits Scattered; Zoo Support Ragged

Wilson—that's all! The honor of an entire line is given to the debater Mr. Harry C. Wilson, late of the School of Mines, who humbled the home folks some more in yesterday's frantic engagement in the Zoo yard, for Harry, whose middle name is Control, was pretty much the whole fustige. Score, Elitches 10, Zooz 2, in nine rounds of circus pastimes, ground and lofty tumbling, general monkey business and ivory-trimmed exploits.

It would have required the combined efforts of a pretty stout team to have beaten the garden aggregation yesterday, and it is violating no confidence to point out that those Zooz were not particularly robust as athletes go. On Sunday, April 27, the first inning was a bit of rare plumage, Denver scoring six runs on half that number of hits and a cluster of timely errors, and after that there was nothing to do but wonder what would happen next.

Mr. Nelson made his official debut into Zoozish company, and it was anything but a pleasant afternoon for Zooz. Opinion of the tall finger is withheld pending another day's work under more favorable circumstances, for yesterday his support was too wobbly to pass judgment on the newcomer. The Elitches made six hits off Nelson in five rounds, three of them in the penner, when a variety of frenzied faux pas spilled the beans for the Zooz, and he walked five in addition. Wilson, who was declared ineligible a few weeks ago by the college athletic conference, was never in trouble, and those Zooz-nicked him only seven times during the game. He whiffed 14 and had the home boys swinging frantically, though fruitlessly. When Mr. Wilson is in condition his best curves cannot be hit with a shot-gun.

In the sixth the game paused long enough to inhibit Nelson and back Mr. Jingle Jones into the traces. Jones, late of Oklahoma and points east, is just as tall and as rangy as Mr. Nelson, but the Elitches didn't do much to Jones, of by. Just to show that he didn't care much, he walked the first man up, but the latter was forced at second and a fast double play, which the high school boys on the business end kept Mr. Jones' escutcheon clean and bright temporarily. Two suicides opened the seventh, but Mr. Nelson and Murphy and Hawley and Gilbert flew to the fence.

One of the new recruits Vernon made a favorable showing, back of the log, and it looks as though this position will be filled acceptably with the army man looking after it. He handled everything that came his way yesterday in good style and his throws to second were practically perfect.

The two high school lads, Deat and Schneider, brought in the only Zoozish run, scored on the second. Deat struck over third and took second on Schneider's safety to center, which let the half-brother punch and sprang across the plate while Schneider raced to third. Vernon walked, and on his attempted steal of second Schneider scored. That was all for the Zooz.

With Schneider on first in the ninth, Vernon hit for two bases, Schneider taking third. Jones rolled a slow one to the infield and reached first when

half the Denver team was trying to corner Vernon, who had snarled for third on the play. Schneider stuck to the bag, and when Vernon arrived there was quite a collection of fair-athletes at the station.

The rest of the proceedings was too fast for the naked eye to follow. Vernon was tagged on the elbow, but he had his foot on the bag; then when they touched Schneider with the ball, Vernon removed his cloved hoof from the sack and all hands were safe. Aggressiveness to their wall of protest, but S. wouldn't back up Mr. Gibson, batting for Mr. Gall, with the bases full, made a spirited swipe at the ball when order was restored. Mr. Wilson gathered it up with quickness and dispatch, tossed it home, forcing Schneider, and the show was out. Score:

MAJOR LEAGUE PLAYERS ARE SHOWING THEIR CLASS

Leveling Process Now Fairly Under Way, With the Field Stringing Out for Long Race to Flag

NEW YORK, April 27.—Major league baseball was favored with good weather last week, and for the first time since the season started the schedule was played out with but few breaks. The teams in the east took full flings at each other and only toward the latter part of the week in the west were there slight breaches in the line of battle.

The steady grind accelerated the leveling process in each section where the respective clubs are finding out what they can or cannot do to each other before jockeying those of the other sectional groups. This week marks practically the last of this sectional play, for within the next 10 days the western clubs of the National league begin their invasion of the east, while the American league's eastern contingent starts its travels around the western circuit.

In both leagues already there is a pretty race on for leadership, with the struggle in the National slightly closer to date. The New Yorks head the procession in the older organization with Chicago, Philadelphia and Pittsburgh pressing the champions closely. The Quaker contingent had rather a poor week, losing ground rapidly in their tussle with the Giants, who took two of the four games played, while of the two that ended in a tie, one had been played to a finish in their favor when an umpire's ruling brought matters back to even. Both Chicago and Pittsburgh have shown class and at present are fighting it out between them to determine which may have at least the temporary advantage in position.

Of the second division teams, Brooklyn is just now making the best showing, its four victories with but two defeats putting it substantially ahead on the weeks' play. St. Louis recovered this record and the Huggins contingent is thereby not so far ahead as it might be of Cincinnati and Boston. The former team is still struggling along just a shade above last year's tall enders, but better things are expected of them under Joe Tinker's charge, as most of their recent defeats have been by a single run and his supporters are urging that he be given time to work out from what they consider a hard-luck spell. George Stallings is still experimenting with his Boston, but with little success thus far in getting them to the winning point.

In the American league, Washington tasted defeat this week for the first time since the season started and only managed to break even on the six days' play. The Bostonians profited by their visit to the national capital, pulling away from the bottom of the percentage table rapidly even by only splitting honors with the Senators. The latter by the same series had to surrender first place to the Athletics, who have held the honor by a good margin and seem likely to prove hard to displace if their old stand-bys in the box continue to show the form displayed in

the last few days. The Red Sox seem to be gradually hitting their stride, even if as yet by no means up to last year's winning form.

The fine work of the Cleveland team was a big feature of the week in the younger league. With five victories to their credit and only one defeat Birmingham's players have put themselves right up with the leaders and to even the Washingtons as the week opens. Chicago only split even last week and started this with a defeat. The St. Louis Browns are still leading the Detroit, but the latter have expectations. Texas Cobb plays a large part in these as the noted holdout has finally come to terms of the club and will get into the game shortly.

Supporters of the New York Americans have had few opportunities to exult over victories so far. Manager Chance, however, is trying out the various combinations possible with the material at his disposal and already has begun to bring in new blood. The hint that other important purchases or trades are impending is to the air with developments expected shortly.

CUTLER-CENTRAL GAME POSTPONED TO MAY 17

The Cutler-Central ball game, scheduled for Washburn field Wednesday afternoon, has been postponed one week, to May 7. Announcement in this effect was made last night. The reason for the postponement is that both ball teams have among their members students who will take part in the track and field events at the big high school day meet to be held at Washburn field next Saturday which to devote the time intervening to practice.

PACKERS BEAT MANITOU MAKING 4 STRAIGHT WINS

At Roswell park yesterday the Packers won from the Manitou ball team by a score of 4 to 5, making it four straight wins for the victors. The team is rounding into form rapidly and with the arrival of new uniforms and other equipment in the next few days, will be ready to challenge any of the independent nines in the region.

CHEYENNE GIRLS WIN BASKETBALL HONORS

In the last games of the Pikes Peak School Basketball league played Saturday night the Cheyenne school girls by defeating the girls team from the Deaf and Blind school won the championship of that division and in the boys' league the Boys club won the pennant by a clean record of victories. The season was successful and good crowds witnessed the games in both divisions.

"MODERN SCIENCE AND MODERN RELIGION ARE BOTH SEEKING TRUTH"

At the Colorado college vespers service yesterday afternoon, the Rev. W. W. Ranney, pastor of the First Congregational church, preached the sermon, taking the place of the Rev. F. T. Bayley, pastor of the Plymouth Congregational church of Denver, who was prevented from attending. Mr. Ranney took for his subject, "The Religion of an Educated Man," his text being from the gospel of John, 8:12, "Ye shall know the truth, and the truth shall make you free." He expressed the view that both modern science and modern religion are seeking the truth, and thus cannot be antagonistic, that science will not depart from her quest for the truth, and religion will not depart from her quest for the truth, as only the truth has the power to make it live. He said in part:

There is a fear that the church, in the midst of modern tendencies, will die. Progress, freedom, has been won in life, in the sciences, and only by keeping up with this progress and freedom will the church live. We must individually decide the life or death of the church. Dr. Andrew D. White has made a terrible arraignment of the church in his books, yet his judgment is not quite fair, since he shows not a conflict between truth in science and the church, but the opposition of old science to the new. When religion uses the method of modern science, it will take its place as the perfect completion of the sciences, the greatest of all sciences which reaches into those areas beyond the reach of all other sciences.

What Has Held Back the Church.

The thing which has held back the church is its respect for authority. Science has repudiated authority, and has thus become free. The modern teacher does not quote authorities, telling the pupil he must believe them, but he invites the pupil to go with him into the fields, the laboratory, literature, and to decide for himself where the truth lies. Some say the church of the new thought does not grow; the old evangelist still wins. He wins not because he is right, but because he is true. We lay no stress on statement; we know that the life of the human race is at stake, the innocent suffer for the guilty, the rain falls on the just and on the unjust. This is illustrated in Christ. The old religion forever Christ leaves the minds of men to decide the truth of his statements. He considers the duty of us all to seek the truth within ourselves and to become free.

It is still "follow me" for the disciples. Christianity means following with the Lord Jesus. The invitation of the gospel is "come unto me." The assurance of the gospel is "In I am with you always." The ultimate promise of the gospel is "so shall we ever be with the Lord."

SHOOT AND POISONS 3 CHILDREN; SHOTS SELF

PORTLAND, Ore., April 27.—In a moment of what the physicians say was emotional insanity, Mrs. Lillian Strang, aged 28, administered poison to the elder two of her three children and to herself, and then shot with a small caliber rifle her eldest, the youngest child, and herself. The shooting which occurred Saturday in the Strang residence in the outskirts of Portland, did not become known to the police until today. Mrs. Strang will probably die.

Edwin Strang, aged 7, poisoned and slightly injured, will probably recover. Maria Strang, aged 5, poisoned, is in a critical condition. Oakley Strang, aged 2, shot in the head, may recover.

First administering the poison, Mrs. Strang then shot the two children and herself. The shock of the self-inflicted wound apparently restored her senses, for she immediately set about administering an emetic to the children and binding up their wounds.

Several hours later Earl O. Strang, the husband, returned home. He had the sufferers removed to a hospital, where authorities assumed the police had been notified.

Mrs. Strang says she can give no explanation of her act. She only remembers that she had not given the baby poison when her senses returned.

WOMAN IS SUSPECTED MURDER OF HUSBAND

SEATTLE, Wash., April 27.—Carl A. Westman, 48 years old, night watchman at a shipyard and formerly butler in the home of Chauncey Depue, the Van derbilts and other wealthy New York families, was found dead with a bullet in his head at Winslow, Kitsap county, today. After a brief examination Sheriff Shattuck of Kitsap county declared it his belief that Westman was killed during a quarrel with a woman.

Westman, who was a traveling salesman for a New York jewelry house when he first came to the Pacific coast, left his wife two years ago. She continued to live on the farm and Westman took up his abode in a shack a short distance from the road leading to the farm. The body was found beside the road leading through the brush from the road to the shack.

Sheriff Shattuck said he found hairpins strewn along the path and that, together with the position of Westman's body, caused him to believe he was walking beside a woman when he was shot.

Westman is said to have made threats against his wife and to have threatened to kill a man with whom she was said to have associated.

MUCH HINGES

(Continued From Page One.)

necessary he will be able to present his views before noon tomorrow. If they concern the legislature Governor Johnson will send immediate official messages.

"There is an occasion for the slightest delay," said Senator Thompson, one of the leading advocates of alien land legislation tonight. "Mr. Bryan undoubtedly understands our position thoroughly and we are fully prepared to listen to him. All further action in the matter depends entirely upon what he has to say."

It was stated by a number of administration leaders that the disposition to pass an alien land law restricting aliens who are ineligible to citizenship remains unchanged. It will be necessary for Mr. Bryan to change the present view of the majority if the bill is to be killed.

Final Draft Completed.

Senator Thompson has completed his final draft of his new bill which is to be presented to Secretary Bryan as the concrete expression of the sentiment of the majority. It is brief and makes no attempt to dodge the point at issue, the intelligibility of the Japanese. Under its terms, no alien is ineligible to acquire a citizenship until he has been a resident for a period longer than one year, under penalty of having the property escheat to the state. Leases are limited to three years.

Another cause of much speculation today, aside from the probable contents of Secretary Bryan's message, was the ultimate effect his visit might have upon the relationship of the individual states with the national government.

Attorneys in the legislature who make a study of international law declare the occasion is fraught with deep significance, and that it may give rise to an entirely new interpretation of the ancient theory of state rights.

In the present situation it is argued that the federal government has no power to deny the state of California the right to exclude the Japanese from land ownership, and then refuse to relieve the conditions in California through its own powers.

Austria Prepares

(Continued From Page One.)

LONDON, April 28 (Monday).—The Vienna correspondent of the Daily Mail bears that after a council at which important decisions were taken, Emperor Francis Joseph exclaimed that he had done his utmost to preserve peace because he wished to spend the last years of his life in tranquility, but that Europe wished to force him into war.

Italy in Dilemma.

ROME, (Via Chiasso, Switzerland), April 27.—The Italian government has placed a ban on all demonstrations in favor of abstentionism. Recently students in Rome displayed enthusiasm over the last Montenapoleone and addressed Queen Helen as the daughter of King Nicholas. This demonstration was not permitted to be sent to the country over the telephone.

The present attitude of the Italian government brings out emphatically the dramatic situation in Italy. While a majority of the people by personal sentiment, tradition and a common bond of nationality, applaud the Italian successes and condemn what they term the overbearing action of Austria, the Italian government, for the sake of state and because of its pledges of the Triple Alliance, is obliged to cooperate with the administration at Vienna. In this way the royal family with its close connections with the Montenapoleone, is placed in a most embarrassing position which has aroused sympathy.

A LITTLE DIFFERENT AND EXTREMELY ATTRACTIVE

A large amount of porch space is one of the most essential characteristics of this bungalow. The interior arrangement is just as effective, there being a reception hall leading to the living room and small hallway. This hallway gives access to the bath room from any part of the house. There is a fine stone fireplace and settee in the living room. Best of all, however, are the two attractive porches leading from the dining and living room.

DO YOU BELIEVE IN BEING SAFE?

To make assurance doubly sure, we would suggest that you insist on a title insurance policy with every loan you make, or every parcel of real estate you purchase. If you invest your money in real estate, you have a right to expect the very best security obtainable—you may have this if you will stand on your rights and demand it. The man who sells real estate or who borrows money on it, will furnish a policy if you require it. Then why not have this guaranty against future dangers?

A large amount of porch space is one of the most essential characteristics of this bungalow. The interior arrangement is just as effective, there being a reception hall leading to the living room and small hallway. This hallway gives access to the bath room from any part of the house. There is a fine stone fireplace and settee in the living room. Best of all, however, are the two attractive porches leading from the dining and living room.

DO YOU BELIEVE IN BEING SAFE?

To make assurance doubly sure, we would suggest that you insist on a title insurance policy with every loan you make, or every parcel of real estate you purchase. If you invest your money in real estate, you have a right to expect the very best security obtainable. You may have this if you will stand on your rights and demand it. The man who sells real estate or who borrows money on it, will furnish a policy if you require it. Then why not have this guaranty against future dangers?

Do you remember the joy those dear little May baskets used to bring you? How the children love to find them mysteriously left at their door?

We have some very beautiful tiny baskets, this year for the young folks; the older ones, too, would love to be remembered with one of our dainty baskets of fruit or candy.

Our tiny "teacup and saucer" baskets are exquisitely shaped and will hold just the right amount of salad nuts or little candies for one person.

Come in and see how really attractive, how different, our May-day favors are.

POWDER IN SHOES AS WELL AS GUNS

Foot-Ease to Be Added to Equipment of Hospital Corps at Fort Wayne.

Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and bunions incased in rawhide."

"The government's foot powder order is regarded as the last word in the scientific outfitting of the defenders of the flag."

Foot powder has long been in use in the German army, and Uncle Sam's adoption of this form of treating and easing the foot, is in line with the expressions heard daily for more than 20 years, in all parts of the world, from those who are shaking Allen's Foot-Ease, the antiseptic powder for the feet, into their shoes, as the only practical and lasting treatment for easing and preventing sore feet. It can be obtained from dealers everywhere for 25c or a trial package will be sent free if you write to Allen S. Olmsted, Le Roy, N. Y.

The funeral of Margaret Whelan, aged 32 years, who died April 23 in Salt Lake City, will be held here at 9 o'clock this morning from St. Mary's church and the body will be buried in Evergreen cemetery.

David Jones, aged 38 years, colored, died in this city Saturday. Jones, who was a Pullman porter, had lived in Colorado Springs for the last 18 years. No arrangements have been made for the funeral.

Mrs. Mary E. Kincaid, aged 52 years, died at 2:30 o'clock yesterday afternoon at her home, 1005 South Cheate street. She was the wife of W. E. Kincaid. No arrangements have been made for the funeral.

can citizen and his only crime is spending money and having a good time. He then finds that he is surrounded by the Widow's band of nihilists and has a lively time with pistols and bombs before the final curtain. The play is in three acts. The first is laid in the foyer of the Alcazar theater, London. The second occurs in the leading hotel in St. Petersburg, the third scene is the garden of the Widow's winter palace where a "whodunnit" is in progress.

ANSON TO APPEAR AT EMPRESS

Concerning Cap Anson, the grand old man of baseball, who will be seen at the Empress this week a Chicago paper says:

"While fans to the right of him, fans to the left of him, applauded and thundered, Captain Adrian Constantine Anson, Chicago's grand old man of baseball, fresh from his triumphs on eastern boards, made his home debut as a monologue artist last evening at the Hamilton theater."

RAYMOND HITCHCOCK, MARIE RAYMOND, GEORGE WHITE, MINERVA COVERDALE AND FLORA ZABELLE in a Scene From "The Red Widow" at the Grand Opera House Tonight.

a convert to the cause of woman's suffrage and decides to remain in London and work for woman's rights. He attends an opera performance and meets a beautiful young woman known as "The Red Widow" during the first act. She informs him that he is about to depart for Russia. She induces him to permit her to cross the Russian frontier on his passport, which by the way is made out to Mrs. Allen. Mrs. Allen, the widow, is a former great success. The new play is based on a famous case of dual personality. Miss Starr enacting the role of a young girl cursed with a dual personality, which, in the twinkling of an eye, changes without warning, in New York and the other cities where she has appeared, Miss Starr is credited with having made the greatest artistic hit of her brilliant career. This

The veteran was given a round of applause as he strode to the front of the stage, the strike being equal to that of our best heavyweight tragedians. He presented a composite picture, having the ease of Cassy, the elegance of J. Ham Lewis and the fortitude of Spartacus.

"With a firm grasp upon his subject as he used to get on the wagon tongue with which he laced out those singing hits around the National league circuit in the old days, the 'captain' went lightly from incident to incident. He touched on baseball things, ancient and modern, running the gamut from Mike Kelly to Johnny Evers."

"A capacity house paid homage to the veteran of the diamond. His welcome was almost as vociferous as the one with which he was greeted when he strode to the plate back in the '80s with the bases full and a hit needed to win the game. And Anson made good last night just as he used to in the days of long ago."—Chicago Record-Herald.

FAMOUS CREATURE AT EMPRESS THIS WEEK

A well-known New York musical critic says of Creature's band:

"Francisco Creature aroused the audience to a pitch of enthusiasm seldom if ever seen in a New York theater, and recalled in some measure the scenes enacted in the great music centers of the world where the entire population are lovers of music and are given to acclaim to their well-beloved orchestras. It is a peculiar fact that this band possesses in a remarkable degree an assertive quality that places it at once in rapport with its audience, and as the program proceeds, the applause increases in volume until a climax is reached that becomes an ovation and this was the case last night. Every number on the program was cheered and loudly endorsed, and the audience was enraptured. This band is, beyond any question one of the best and most foremost musical organizations of the time, a factor in

WOMEN GAMBLE FOR HIGH STAKES

Many women are gamblers for very high stakes. They stake their health and good looks upon everything working out all right when attacked by those ailments which their sex alone are called upon to suffer.

The only excuse can be ignorance of the dangerous consequences of an aversion to undergo medical examination. This may often be avoided by recourse to Lydia E. Pinkham's Vegetable Compound, a perfectly safe and harmless remedy compounded from roots and herbs, which for nearly forty years has been curing American women from the worst forms of female ills.

LEGAL NOTICES

NOTICE

The qualified electors of the City of Colorado Springs, at the first general municipal election held on April 1, 1912, by a vote of 3,664 for and 1,581 against, adopted the Initiative Ordinance, entitled "AN ORDINANCE RELATING TO A DAY OF REST," and the same is now in full force and effect, but the members of the City Council of said City in regular session on April 9, 1913, decided to give the various parties affected by the said Ordinance a chance to arrange their business to comply with the above law, until May 1st, 1913, after which time NOTICE IS HEREBY GIVEN that the Ordinance will be strictly enforced.

DONE BY ORDER OF THE CITY COUNCIL this 9th day of April, 1913.
